## Esophagogastroduodenoscopy (EGD, Scope down the throat)

\_\_\_\_\_ \*Arrive at the facility at \_\_\_\_\_ am.

\*Amount you owe to our office \_\_\_\_\_ in cash, debit, credit by \_\_\_\_\_. Please be aware this is only Dr. Awan's portion, and there will also be facility, anesthesia and pathology based charges.

\* **NO** aspirin or blood thinning medications 5 days prior to the EGD procedure. If you are on medications like Coumadin, Xarelto, Eliquis, and/or Plavix, you need a verbal clearance from the doctor who prescribed you those medications so you may stop the medications for 5 days.

\* **NOTHING** to eat or drink after midnight.

\* If you are on heart or blood pressure medications, you may take these with a small sip of water, on the day of the procedure, but nothing else to eat or drink on the day of the procedure. All other medications can be taken after the procedure.

\* You will need a driver for the procedure.
